⚠ WARNING: PHOTOSENSITIVITY/EPILEPSY/SEIZURES

READ BEFORE USING YOUR PLAYSTATION®2 COMPUTER ENTERTAINMENT SYSTEM.

A very small percentage of individuals may experience epileptic seizures or blackouts when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or when playing video games may trigger epileptic seizures or blackouts in these individuals. These conditions may trigger previously undetected epileptic symptoms or seizures in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition or has had seizures of any kind, consult your physician before playing. IMMEDIATELY DISCONTINUE use and consult your physician before resuming gameplay if you or your child experience any of the following health problems or symptoms:

- dizziness
- altered vision
- eye or muscle twitches
- loss of awareness
- disorientation
- seizures
- any involuntary movement or convulsion

RESUME GAMEPLAY ONLY ON APPROVAL OF YOUR PHYSICIAN.

Use and handling of video games to reduce the likelihood of a seizure

- Use in a well-lit area and keep as far away as possible from the television screen.
- Avoid large screen televisions. Use the smallest television screen available.
- Avoid prolonged use of the PlayStation®2 system. Take a 15-minute break during each hour of play.
- Avoid playing when you are tired or need sleep.

Stop using the system immediately if you experience any of the following symptoms: lightheadedness, nausea, or a sensation similar to motion sickness; discomfort or pain in the eyes, ears, hands, arms, or any other part of the body. If the condition persists, consult a doctor.

WARNING TO OWNERS OF PROJECTION TELEVISIONS:

Do not connect your PlayStation®2 system to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

Skills Manager – Manage Spider-Man's skills. Also, spend your red or black points on suit-specific moves.

Start Mission – Begin the game.

Exit Game – Return to the Main Menu.

Basic Combat

Spider-Man will start the game with his basic attacks. As you progress through the game, points will be collected and then spent on the Skill Manager screen found in the Ready Mission menu.

Red and Black Choices

Throughout your adventure, Spider-Man will converse with many people, ranging from civilians, allies or the very villains he is trying to stop. In addition, Spider-Man must also make tough heroic decisions in all kinds of situations. For example, he may come across a poster about a lost kitten. Should he rescue the kitten for the owner or just let someone else worry about it? The choice is yours!

You'll have the option to choose a Red Suit answer, a Neutral answer or a Black Suit answer.

A Red Suit answer is witty and friendly.

A Black Suit answer has a darker, more menacing tone. (This is due to the Symbiote controlling Spider-Man's will!)

How you answer or respond to people will provide points in the respective suit color. Points can be spent upgrading Spider-Man's skills.

Note: Certain moves are only available to specific suits.

Spider-Sense

Spider-Man is able to use his Spider-Sense to determine the location of the next objective. Pressing the L1 button will activate the Spider-Sense. Use it and see where it points to!

During certain missions, Spider-Sense will activate automatically to warn Spider-Man of incoming danger.

Summoning Allies

Spider-Man can collect spider-orbs for different tasks, or just as a reward for exploration. In between missions, Spider-Man is able to add allies, which he can summon. Pressing the ◉ button will call upon the selected ally.

Power-Ups

Spider-Man is able to assign power-ups in between missions, making them available for use during his adventure. Some power-ups will help Spider-Man's attacks and moves, while some will benefit his health.

Auto-Save

Spider-Man: Web of Shadows – Amazing Allies Edition uses an auto save feature. At the end of each completed level, the game will automatically save your progress. To make sure you're able to continue where you left off, be sure to create a saved game file at the start of the game.
